It is the responsibility of today’s Young Americans for Freedom to carry the torch of liberty onward just as it was the responsibility of the youth of America to affirm certain eternal truths during the moral and political crises of 1960, the year YAF was founded.

As affirmed in YAF’s founding charter—the Sharon Statement—the purpose of government is to protect freedom “through the preservation of internal order, the provision of national defense, and the administration of justice.”

This administration of justice depends on the nomination and confirmation of qualified jurists who recognize, as the Sharon Statement did, “that the Constitution of the United States is the best arrangement yet devised for empowering government to fulfill its proper role, while restraining it from the concentration and abuse of power.”

For too long, activist judges and justices attempted to use their power to invent so-called “rights” where they did not exist, infringing upon the God-given rights to life and liberty which the Constitution was written to protect.

Opinions issued from the Supreme Court in the coming terms will directly impact the rising generation now and for decades to come. Young Americans want to live in a country where their right to be free from the restrictions of arbitrary force is valued, a right the justices on the Supreme Court can directly protect or undermine.

Judge Amy Coney Barrett has proven herself to be a staunch defender of America’s precious freedoms and Constitution, and is eminently qualified to serve on the United States Supreme Court.

We, the undersigned, thank President Donald J. Trump for choosing Amy Coney Barrett and call on the United States Senate to do its job and vote to confirm her nomination.
